

# PORTLAND METRO PEOPLE'S COALITION

The Portland metro area is changing rapidly. People and money are flooding in.

Luxury condos are popping up everywhere and local businesses are shutting down. Neighbors are being forced out of their homes and communities. Our local government is failing to protect us, while corporations and the super-rich continue to get even richer. *Is this the future we want?*

This November, ballot measures offer a stark choice: business-as-usual or an inclusive and thriving community for all who call our beautiful region home.

**VOTE  
YES**

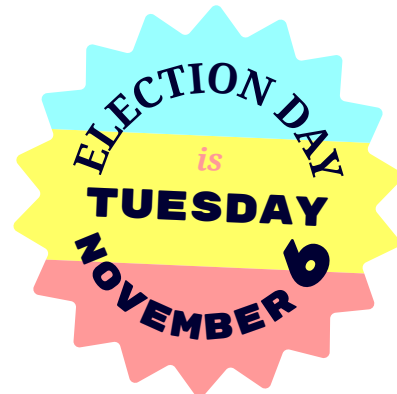

**FOR AFFORDABLE HOUSING,  
CLEAN ENERGY, JOB TRAINING  
AND HONEST ELECTIONS!**

- **MEASURE 26-200** (Honest Elections) - Gets big money out of Portland politics.
- **MEASURE 26-201** (Portland Clean Energy Initiative) - Creates a corporate surcharge to fund clean energy projects and jobs.
- **MEASURE 102 & MEASURE 26-199** (Yes to Affordable Housing) - Funds and renovates homes for up to 7,500 people in need and lifts barriers to affordable housing.

**VOTE  
NO**

**ON BALLOT MEASURES THAT  
ATTACK THE MOST VULNERABLE  
PEOPLE AND PROTECT THE  
WEALTHIEST.**

- **MEASURE 103** - Using the bogeyman of a grocery tax—which doesn't exist—this deceptive measure sticks a tax loophole in the Oregon Constitution to protect big corporations. Permanently.
- **MEASURE 104** - Requires a supermajority to pass any legislation that raises revenue, protecting tax perks for the rich and threatening funding for schools and healthcare.
- **MEASURE 105** - Removes Oregon's sanctuary status, which would encourage racial profiling of immigrants and divert local police funding to federal law enforcement.
- **MEASURE 106** - Cuts access to abortion services for hundreds of thousands of low-income women and public employees.

## **ABOUT THE PORTLAND-METRO PEOPLE'S COALITION:**

The Portland-Metro People's Coalition (PMPC) is a new approach to politics—using power from below we aim to return the government to the people, instead of watching local politicians dance to the tune of corporate dollars.

Our goal is to create a Portland metro area that's a healthy and nurturing place for everyone and every community who calls it home, and not just an enclave of the 1%. Toward that end, the PMPC is building a cross-issue coalition of grassroots organizations to join forces, amplify our initiatives and begin to strategize on how to build a unified and broad-based progressive movement capable of building an urban commons for the 99%.

The PMPC is a growing coalition of 20 grassroots and community organizations working together to pass policies for affordable housing, environmental justice, accountable policing, living wage jobs and robust public services to meet the needs of everyone who lives here. We believe in Portland! We believe politics is for everyone. We should all have a voice, input on policy and the ability to run for office.
